

FATOYE OLUWASEUN JOSEPH

Lagos State, Nigeria | fatoyeoluwaseun@gmail.com | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Detail-oriented Front-End Developer with progressive experience creating responsive, user-centered web applications using React, TypeScript, and modern JavaScript frameworks. Demonstrated expertise in translating design requirements into pixel-perfect interfaces while optimizing for performance and accessibility. Proven track record of accelerating development cycles and increasing user engagement through clean code and collaborative problem-solving. Passionate about staying current with emerging web technologies and delivering solutions that exceed client expectations.

WORK EXPERIENCE

Techivate Technologies Nig. Ltd | Remote

Front-End Web Developer | March 2024 - September 2024

- Implemented performance optimization techniques that reduced page load times by 35%, significantly improving user experience metrics
- Collaborated with cross-functional teams to develop and maintain responsive web applications using React, Next.js, and TypeScript
- Established frontend coding standards and best practices that improved code maintainability and reduced debugging time by 20%
- Engineered accessible UI components that achieved WCAG AA compliance, expanding product usability for all users

SOTA-Verse | Remote

Front-End Web Developer | 2024 - Present

- Led end-to-end UI development, single-handedly transforming design mockups into a fully functional, responsive interface
- Collaborated closely with UI designer to implement visual concepts while proposing UX enhancements based on technical feasibility and best practices
- Optimized responsiveness through mobile-first Tailwind CSS implementation
- Integrated design system components from provided style guides, maintaining visual consistency across all views

Arit Developer Circle Hackathon | Remote

Front-End Web Developer | March 2025 - April 2025

- Implemented key user interfaces including a comprehensive profile management system, enabling seamless user information viewing and editing
- Developed responsive UI components using React with TypeScript and Tailwind CSS, ensuring optimal performance through Vite's build system
- Collaborated under senior developer guidance to deliver features aligned with project specifications within tight deadlines
- Documented codebase architecture and setup instructions in the project's README file, streamlining onboarding for new team members

CodersDen | Remote

Coding Tutor | February 2022 - February 2023

- Enhanced students' algorithmic proficiency in JavaScript, resulting in a 30% improvement in problem-solving accuracy and success with real-life challenges
- Delivered personalized instruction to 25+ junior developers, boosting their technical interview success rates by 20%
- Facilitated hands-on workshops in frontend development, leading to the creation of 20+ professional-quality user interfaces
- Provided targeted coaching on technical communication, yielding a 28% improvement in interview performance among students

EDUCATION

Ahmadu Bello University | Zaria, Nigeria

Bachelor of Engineering in Mechanical Engineering | Graduated 2021

SKILLS

- **Programming Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Frameworks/Libraries:** React.js, Next.js, [Nuxt.js](#), Vite, Vue.js, WordPress
- **Tools & Practices:** Git/GitHub, RESTful APIs, Responsive Design, Web Accessibility
- **Development Skills:** Testing & Debugging, Cross-Browser Compatibility, Performance Optimization
- **Soft Skills:** Team Collaboration, Clear Communication, Problem-Solving, Time Management
